

Go Johnnie Go (Keep On Walking, John B.)

Eruption

He was a lonely boy from nowhere's land
Trying to find a place to lay his head
For he knew for sure that no one cared
So he tried his best now everywhere

Go Johnny, go Johnny, go Johnny go
Go Johnny, go Johnny, go Johnny go, go, go

Oh, he was a lonely boy from nowhere's land
Trying to find a place to lay his head
For he knew for sure that no one cared
So he tried his best now everywhere

Listen John B. you are so young
There is a place, somewhere over yonder
Where you can go, to see some wonders
Where even birds don't need to fly
Yeah, yeah, yeah

Keep on walking, come to eleven
Won't be long before you reach your heaven
Keep on walking, come to eleven
Won't be long before you reach your heaven

Keep on walking, come to eleven
Won't be long before you reach your heaven
Keep on walking, come to eleven
Won't be long before you reach your heaven

Go Johnny, go Johnny, go Johnny go
Go Johnny, go Johnny, go Johnny go, go, go

Oh, he was a lonely boy from nowhere's land
Trying to find a place to lay his head
For he knew for sure that no one cared
So he tried his best now everywhere

Listen John B. you are so young
There is a place, somewhere over yonder
Where you can go, to see some wonders
Where even birds don't need to fly
Yeah, yeah, yeah

Keep on walking, come to eleven
