

# Much Too Late

Eruption

Your love came much too late  
Your love came much too late  
Your love came much too late  
Your love came much too late

You really turn your time  
Before you realize that you loved me  
Now when I'm leaving you've  
Got so much to say  
Save your words with someone else  
Why I'm leaving

(Your love came much too late)  
You realized too late you loved me  
(Your love came much too late)  
Now you realized that I care  
(Your love came much too late)  
It's much too late cause I'm leaving  
(Your love came much too late)

I, I try to show you from the start  
You can't run around with so many others  
You've got just enough love to satisfy one  
It's too late you've lost it all  
What you gonna do

(Your love came much too late)  
I did try to woke you, baby  
(Your love came much too late)  
But you didn't need of word I said

(Your love came much too late)  
I've made up my mind that I'm leaving  
(Your love came much too late)

You should have realized a little earlier  
Loving more than one is not for you  
A woman needs as much love as she can get  
Save your words for someone else  
I am leaving

(Your love came much too late)  
You realized too late you loved me  
(Your love came much too late)  
Now you realized that I care  
(Your love came much too late)  
It's much too late cause I'm leaving  
(Your love came much too late)  
I did try to woke you, baby  
(Your love came much too late)  
But you didn't need of word I said  
(Your love came much too late)  
I've made up my mind that I'm leaving  
(Your love came much too late)

Nothing's gonna make me save you  
(Your love came much too late)

But after what you put me through  
(Your love came much too late)  
It's much too late, it's much too late now
