

Desire

Escape the Fate

Shes got the gun to my head
Well pull the trigger already baby bang bang
She turned my heart blood shot red
But you cant leave me for dead I'm already dying
And I'm waiting

You cannot kill my desire! desire!
Set my love on fire and let
Desire! desire!
Set my love on fire and let it burn

Her face is heaven but she gives me hell
But damn you body's killing me baby band bang
And I cant control myself
You got me down on my knees
And I'm praying
And I'm waiting

You cannot kill my desire! desire!
Set my love on fire and let
Desire! desire!
Set my love on fire and let it burn

Let it burn!

And I'm praying
And I'm waiting

You cannot kill my desire! desire!
Set my love on fire
Desire! desire!
Set my love on fire and let
Desire! desire!
Set my love on fire and
Let it burn!
Set my love on fire and
Let it burn!
Set my love on fire and
Let it burn!
