

How I Walked with Gods

Escape With Romeo

Safe is the light
that lasts all night
and the ghost that waits
by your side

this is the place
we stay in it
these are the halls
inside the pyramid

Ref:

Feel the strength
(how I walked with gods and danced with angels)
ohh it's warm
touch the hand
begin to transform

first you fear as you learn
first you suffer as you earn

I merely reached for the kingdom
in your heart
only the light of the day
will keep us apart
