Esham

They got me lost in the fog, but man I'm droppin' my dogs  
Gotta sell me a key just to get a piece of the pie that ya lied and y  
a said I'd get  
The whole world is a toilet and it's full of shit  
I hear voices in my head, but man they goin' away  
I didn't vote for the prez, 'cause he's the KKK  
And if I live until tomorrow, then I'ma die today  
It's like havin' one bullet in a rusty AK  
Ya see a blindman walkin', but you can't see  
You got a white man tellin' black history  
The situation I'm in, it doesn't matter to me  
I got nothin' to lose, but you can't see because you're

Lost in the fog, lost in the fog, lost in the fog, lost in the fog  
Lost in the fog, lost in the fog, lost in the fog, lost in the fog

They got me stuck in the ghetto, but man I'm tryna get out  
And every time I speak up they put a gat in my mouth  
I think the president's a fuckin' jerk  
The people overworked  
The police department is only out to hurt  
And if you know like I know the police feelin' my dick  
'Cause all that police shit, I ain't down with it  
It's like a [?]  
Oh police man please  
They beat ya down to your knees 'cause you didn't freeze  
So I'ma say this for all the brothers that you stopped  
Fuck the cops because they're lost in the fog

Lost in the fog, lost in the fog, lost in the fog, lost in the fog  
Lost in the fog, lost in the fog, lost in the fog, lost in the fog

The governor wants to cut the foodstamps  
The ghetto reminds me of the slavery camps  
Politics are bullshit because they don't care about the ghetto 'cause  
they ain't livin' there  
It ain't no thing to me, I must survive this shit  
I ain't trapped in society's psychological shit  
Everybody material love, that's cool  
But you can't learn knowledge yourself in school  
'Cause the teachers don't care, he's got it made  
Whether you learn or not he's still gettin' paid  
So get your facts straight and don't hesitate  
'Cause God was born on your birthdate  
It's like that y'all, it's like that y'all  
Whether you be white or black y'all, y'all be

Lost in the fog, lost in the fog, lost in the fog, lost in the fog  
Lost in the fog, lost in the fog, lost in the fog, lost in the fog
