

We don't got a crush on any bitch, we got a crush on gettin' bloody
A crush on crushin' smushed splattered silly putty
King Kong was a punk, we would've stomped that bitch muddy
At the bottom of our sinkhole footprints with all your buddies, crushed
God damn Godzilla a killa
But we illa, 3 Head gang on them green chinchilla
Skin glean your bombs off, we don't even feel ya
If we crush you, tell 'em dig to reveal ya

I'ma crush motherfuckers, blood rush motherfuckers
Glock bust motherfuckers walking through the mall
I'ma crush motherfuckers, I don't trust motherfuckers
Bloodlust for them busters, I'ma kill 'em all
You could've called it off, writing was on the wall
Fire come off my jaws, get the fuck off my balls
Phone don't work no more, police station gone
Armies, scorched 'em all, no one left to call

Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
(We crush all before us)
Crush you motherfuckin' pussy motherfuckers

Crushin' rushin' bustin', no room for discussion
Public enemy, peep the flavor, can't trust 'em
Crushin' places, crushin' faces
Crushin' wack rappers when they steal my style and try to run away with it
Crush you, fuck you, three-headed buck you
Fire come out of my mouth, lightning out my tail struck you
Crush this, crush that, crushin' all the wack
Swing my nuts like a wrecking ball and they fallin' back

Maybe one day there'll be lakes in our footprints
But for now it just implicates where your neighborhoods went
Juffs get snuffed out, you huffed and puffed
But bluffed, 'cause we both shit your ass stuffed
The Duke got their lives flustered, over-fascinated
These busters such nerds, need to have 'em assassinated
Incinerated by fire breath, that fast ash
Every footstep is a smash, leaving all of y'all crushed

Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers

Esham my bestie, Violent J my bestie
Right now we in Loch Ness tag teamin' Nessie
Bigfoot's baby mama just tried to text me
None of y'all pussy motherfuckers built to test me
Feast on rappers like they Nestle, bet me
Crush a cop car like a can full of Pepsi
I just took a piss and killed somebody on a jetski
One head sneezed and the other two blessed me

My mama was a diva, my daddy was a killa
Bust a nut in the pussy, out came Godzilla
Fresh up out the womb, I was searchin' for the skrilla
Started spittin' wicked rhymes, ain't no one illa
My mouth breaths fire, you can't stop the Hydra
Heads and torsos hang from telephone wires
The screams throughout your town sound like amplifiers
Not fuckin' with the 3 Headed Monster, you's a liar

Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
Crush you motherfuckin' pussy motherfuckers
