Esham

Harder than a motherfucker, life's so hard  
Make [?] or pray to God  
Oh my god, oh my god  
They buried that boy six feet under sod  
I'm rolling in the Corvette, pockets on morbid  
Swinging out of orbit

I come from Detroit where these niggas still banging  
Crack house on every corner, dope slanging  
East side, west side, don't care where you reside  
Police find another body from a homicide  
A bunch of fuckin' crazies, they'll kill your babies  
Running around like mad dogs with the rabies  
Harder than a motherfucker, life's so hard  
Niggas gotta rob 'cause it ain't no jobs
