Sobriety, sobriety, somebody, sobriety
Sobriety, somebody, somebody, sobriety
Sobriety, somebody, somebody, sobriety
Sobriety, somebody help me

I sip that poison, I feel it slowly going down my throat
I sit back, inhale poison, cigarette smoke
I sip that lean, smoke that purple in a circle with thugs
I come from the slums, nothing but drugs
I live in Detroit with a crack house next door
I ran the streets with prostitutes and whores
I wanna stop living these evil ways
I come from the future to tell you about the last days

Sobriety, sobriety, somebody, sobriety
Sobriety, somebody, somebody, sobriety
Sobriety, somebody, somebody, sobriety
Sobriety, somebody, somebody

What the fuck you talking about?
Nigga, I get high, nah, I ain't drunk
Sobriety, somebody lied to me
The party seemed better when it's crunk (What?)
Niggas sell you drugs all day like dealers
Killing time, guess we some k-k-k-k-killers
I was sippin' sippin' sippin' sizzurp
Smokin' on the pineapple pizzurp, that wizard
Going berserk, until it hurt
Until it hurt, she made me squirt until it hurt

Sobriety, somebody, somebody, sobriety
Sobriety, somebody, somebody, sobriety
Sobriety, somebody, somebody, sobriety
Sobriety, somebody help me
