

## Devils Cherry

Esham

Presidential, no incidentals  
Cars all paid for, ain't none of them rentals  
Who let the dog up out of the kennel  
Smokey and the Bandit kind of like Burt Reynolds  
The day starts off with the rain drop shower head  
Woke from a power nap up out my power bed  
Sleeping on big head hundred dollar bills  
Presidential Ben Franklin, kind of like how I feel  
I'm high as Air Force One in some Air Force Ones  
Air force through my lungs, man, my Uzi weigh a ton  
I'm coming from the D now they lookin' at me  
Like look what you've become  
King big prick, ding-a-ling thick  
Now all these bitches in the hood want a lick  
King big prick, ding-a-ling thick  
Now all these bitches in the hood want a lick

Sex, drugs, rap, money  
Wealth, Playboy mansion with the bunnies

I might not be the president that you voted for  
Republican or Democrat, they all consumer whores  
So what's the rumor's for? Esham's boomin' more dope  
And if you're broke, it ain't no hope  
(Who?) Esham's boomin' armor car Loomis  
I've been getting money since the blue and gray Pumas  
Suede that is, from back in the day, kid  
I'm paid, that is  
Sex, drugs, rap, money  
Wealth, Playboy mansion with the bunnies  
Rock, roll, sell your soul and health  
Never make it rain and stay sunny  
Bitch, get a job, I roll with the mob  
You can smile at a nigga, and his ass will get robbed  
Make it rain in the club, kiss your ass goodbye  
In Detroit, we call that a shish kebab  
'Cause you literally dead meat
