Gangsta

This goes out to all those (Gangsta)
Know about gettin' dough, rollin' so (Gangsta)
At the spot with a block, and you gotta chop that
Yay up, sell it to them fiends, (Gangsta) yo, we rocks that
This goes out to all those (Gangsta)
Know about gettin' dough, rollin' so (Gangsta)
At the spot with a block, and you gotta chop that
Yay up, sell it to them fiends, (Gangsta) yo, we rocks that

G-A-N-G-S-T-A (Gangsta)
Six forty-five drop cop yesterday (Gangsta)
The sun shinin' so I guess I gotta flex today
Get with my hoes, and I have a lot of sex today
Like a pimp, that's what the rest will say
Blowin' purple kush in the west, I love L.A
Rollin' Sunset Boulevard, hoes know I pull 'em hard
I'm all pro, check the stats on my rookie card
I don't dance, I just rock away
Kung fu Kill Bill put the chop away
Leer jet straight landin' at my hideaway
You see that fly ride, I'm in it as I ride away
So many stacks I'm cabbage patch, my cookie's a soft batch
A real super villain, all you heroes is no match
187 and get blood on my throwback
I do this for gangstas, y'all already know that (Gangsta)

This goes out to all those (Gangsta)
Know about gettin' dough, rollin' so (Gangsta)
At the spot with a block, and you gotta chop that
Yay up, sell it to them fiends, (Gangsta) yo, we rocks that
This goes out to all those (Gangsta)
Know about gettin' dough, rollin' so (Gangsta)
At the spot with a block, and you gotta chop that
Yay up, sell it to them fiends, (Gangsta) yo, we rocks that

Damn it feels good to be a thugged-out (Gangsta)
Droppin' bombs on motherfuckers like George Bush (Gangsta)
Purple kush package push, motherfuckers wish
They could be a suicidal, now tell me this
Thunder sound, underground, wonder how I'm comin' now
Got a knot in my pocket weighin' 'bout twenty thou'
Bet it all that I ball papered out and never fall
If I do into the fire once my name they call
Rolls Royce phantom crawl, murdered them all
I was raised by alcoholics, killers, and dope fiends
Pop 'scalines, flammable like gasoline
Fleein' the scene, blowin' the gans that's green
Never get my hands dirty 'cause I always keep them clean
The sun gleam off my rims like an infrared beam
Poppin' pussies, you bitches, you punk pussies ain't on my team
I'm goin' out like Scarface, last gangsta seen

This goes out to all those (Gangsta)
Know about gettin' dough, rollin' so (Gangsta)
At the spot with a block, and you gotta chop that

Yay up, sell it to them fiends, (Gangsta) yo, we rocks that
This goes out to all those (Gangsta)
Know about gettin' dough, rollin' so (Gangsta)
At the spot with a block, and you gotta chop that
Yay up, sell it to them fiends, (Gangsta) yo, we rocks that

My Detroit players know they so (Gangsta)
Girls at the strip club love a true (Gangsta)
Rockin' shows, spittin' flows, gettin' dough, hittin' hoes (Gangsta)
Underworld forbidden to those now gettin' choked
West Coast riders, man they know they so (Gangsta)
New York, the five boroughs, man, y'all know y'all so (Gangsta)
The Dirty South is in the house, no doubt but the best (Gangsta)
Motherfucking gangstas come from the Midwest (Gangsta)

This goes out to all those (Gangsta)
Know about gettin' dough, rollin' so (Gangsta)
At the spot with a block, and you gotta chop that
Yay up, sell it to them fiends, (Gangsta) yo, we rocks that
