

Happy Happy Joy Joy

Esham

(I'm everything you ever were) (hahaha)
Happy happy joy joy [x9]
I was a baby boy boy
On my birthday I would always get the broke toys
No one wanted to play with me
Doctors what did they say to me
In a rubber room all day
That ain't okay to me
Brain going outta control
Somebody must have a hold
On my soul
I don't know
I don't know
Happy happy joy joy [x2]
You smilin, how you gon smile
When I kick yo teeth out!
You smilin, how you gon smile
When I kick yo TEETH OUT!
Happy happy joy joy [x2]
I was only sent up here to destroy
Everything on this earth cause that's my purpose
Everything that you spit is just worthless
Happy happy joy joy [x2]
Stick a knife in ya neck, then cut boy
Cause you know I'm a nut boy
So you learn to keep ya mouth shut boy, that
Happy happy joy joy [x2]
Betta smile bitch I'm high like L boy
George Jetson, you get wet son
Who's mothafuckin next son
My victims, I sick em
Burn they bodies and get rid of em
Happy happy joy joy
Peakin through her window
She didn't say come in but I'm goin in though
She looked at me saw me and ran
I hit her in her head with a frying pan
Happy happy joy joy [x2]
I'm a mothafuckin nut boy
I drag the body outside
The way it start to smell
You just knew somebody died
Yeah, where I'm gon hide
This bitch is just killed
Cause she couldn't keep quiet
Happy happy joy joy
He's alive, somebody tell me how did he survive
Walkin in the moonlight
You need a silver bullet
I already turned into a werewolf
Before you pull it
Happy happy joy joy
Pull the skin of the skull and make a mask
Rob a bank then blast
Happy happy joy joy
Get em real fast
Happy happy joy joy

Get em real fast
Happy happy joy joy
Sittin in ma college class
Professor made me mad
So I shot his ass
That's what you get for flunkin Hollys ass
And all you ever do is sit and lolly gas
Happy happy joy joy
I know this ain't happy this ain't joy
But I can't stop boy
Murder a menace
My mind is crazy
Happy happy joy joy baby
Happy happy joy joy [x2]
