Jesus
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins

Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins

Heave, please just let me in, I'm beggin'
They say I'm a legend, but I only got one leg in
One leg in the game, one foot in the grave
Can I be saved?
No, 'cause I fucked it up for me and yours
And I'm the one that opened up Hell's doors
Now I gotta meet my maker
Yo, where's the undertaker?

Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins

Jesus Christ died on a cross for wicked men
But I wonder do that apply from where I began?
I swear on everything in the name of the Lord
But I can't get in Heaven 'cause I can't afford

Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
Heaven, please just let me in
God, forgive me for my sins
