

I'm sick of this shit
I gotta get rich before I go crazy and kill me a bitch
Dead boy snitch found in a ditch
Chop off your head, and your body'll twitch
The wicked witch—Is that your chick?
She on my dick like a broomstick
I make her sick, my nuts she'll lick
I killed her dog like Michael Vick
Pussy galore, you fuckin' whore
You suckin' dick—suck it some more
Love blood and gore, met her on tour
First night fuckin' on dressin' room floor
Thighs were smokin', legs was open
Fucked to death, I'm a killer strokin'

I kill a pussy
I kill a pussy
I kill a pussy
I kill a pussy
I kill a pussy
I kill a pussy

I kill a pussy, you just a rookie
Got a lap dance and blew out her nookie
You go to school, you playin' hookie
Call me the baker, I'm whippin' up cookies
She got the oven hot—is the lovin'
Now it's bout time for [?] I'm stuffin'
Rollin' in dough, makin' some muffins
Fightin' temptations like David Ruffin
Chickens I'm pluckin' like it ain't nothin'
Four by four, and keep on truckin'
Livin' the life, fuckin' your wife
Stabbin' her pussy, cut like a knife
I kill a pussy thanks to the boogie
Learned how to spank it from watchin' a movie
In my jacuzzi, get wet with the uzi
Bellagio suite with the coked out floozie

I kill a pussy
I kill a pussy
I kill a pussy
I kill a pussy
I kill a pussy
I kill a pussy

You know I kill a pussy, I kill a pussy
You know I kill a pussy, I kill a pussy
You know I kill a pussy, I kill a pussy
You know I kill a pussy, I kill a pussy
