They lyin' to the people but ain't makin' no sense
'Cause they lyin' for the dollars and the dead presidents
People lyin' on they taxes just to get some cash back
But when the IRS audit, they can't pay they ass back
People lyin' 'bout they life all on Instagram
But when you meet 'em in person, it's really a scam
People lyin' 'bout this and lyin' 'bout that
Yeah you heard about some fiction but spit it as facts
People lie all the time, but really on tracks
Lie right to your face and said you fresh, but you wack
All these rappers, they be lyin' like comedians jokin'
He said that he was sellin' drugs, but really he smokin'
How could you be outspoken when your dreams are all broken?
The wicket shit'll never die, that's my slogan
I'm fresh up out the fire while these niggas is fryin'
You ain't a lion from Detroit, you just in Detriot lyin'
Steady lyin' to the world, always tryin' to exploit
All the struggle and the pain, got it all from Detroit
Michigan, on my side, keep the 9 for proof
Worst thing to a liar's someone knowin' the truth
So tell the truth and the whole truth, nothin' but the truth
And if you keep it true, tell yourself there's nothin' they can do
But tell...

They be lyin' like they happy when they knowin' they sad
Wear a dress like yo mama but he know he yo dad
Wanna say it's all good, but you know it's all bad
But these are the only choices you ever had
They tell you...
