Esham

Send this one out to God
Send this one out to God, that's you

I'ma pray, I'ma pray, I'ma pray for you
I'ma pray for you
Do you believe in God? I have to say I do
I'ma pray for you

I'm gonna pray for you, yeah, man, I'm gonna pray for you
Keep the dream alive and maybe one day all your dreams come true
Stuck in the game with no way out, those other times that you need to pray o
ut
Now, thank you Jesus for letting me see another good day out
I'ma pray for you 'cause you need a job
Really you need church, Jesus, and God
That's why you can't see the future and you livin' odd
Your whole style Frank Ocean comin' out the clouds
I'm gon' pray for you, little boy, I'ma pray for you
The future's brand new, hoping that you make it through, 'cause life's a zoo
Full of animals, gorillas, tigers
Make sure the venomous dope biters
I'm gonna pray for you, y'all motherfuckers is some little dummies
Chasing after the root of all evil, it's the money
Got your first pair of Jordans, now you runnin' fast
But stop runnin' in circles with your runnin' ass
It ain't nothin' new under the sun
What you doin' now has already been done
Whippin' corners, lookin' good in Lamborghinis
Punch yo ass in the face like baby joker and say I don't even like Houdini

I'ma pray, I'ma pray, I'ma pray for you
I'ma pray for you
Do you believe in God? I have to say I do
I'ma pray for you

I'ma pray for you and your mom
Give you a hug with open arms
Hoping that you find the Lord
'Cause all my life been on record
I'ma pray for you if you don't have sense
Stick your dick in the electric fence
Curl your hairs, shock your balls
Animate you, shit your drawers
I'ma pray for you, 'cause I want you to do good
If you knew the power of prayer, you would
Yeah, you would
I'ma pray for you, you ignorant
I'ma pray for you, you nasty slut
I'ma pray for you, I'ma pray for you
I'ma pray for you, you can't read
I'ma pray for you, nosebleed

I'ma pray for this motherfucker hammerin' next door, man
