Now here we go, here we go, I got the flow, I'ma kick it  
And niggas talkin' 'bout they wicked, but they ain't wicked  
My style is kinda fat, and I'ma let you all see that  
The only nigga kickin' wicked shit is me  
I'm from the east side of town, and muthafuckas must raise up  
And watch [?] Blaz4Me as I blaze up  
My name is Esham, and some call me Unholy  
I kick the old English, so they call me the OE  
I don't like bibles or no prayin' on Sunday  
And ever since Blaz4Me I do what my gun say  
So if you wanna know about the E S H A M  
You better ask her and him, 'cause it's all about the

Once I'm in the mix, I'm down to crucifix  
Tricks gets nothin', ya come my way ya best be [?]  
I'm off 7 Mile and [?], where the hookers be strollin'  
Niggas be rollin', car stolen  
Ya get caught slippin', catch a muthafuckin' hole in the head  
You'll wind up dead, a back alley east side nigga  
Don't dilly dally, fuck Sally  
I don't like the bitch 'cause she's a skeezer  
I'm all about my money, fuck a dick teaser  
It don't stop, basehead bitches and black cops  
All tryna catch me at the dope spot  
It's all about the

And can't none of these niggas get 'em up with me

You don't hear me, but never comin' near me 'cause you fear me  
East Side nigga roll yo

And always I'll spend my last days chillin' on the
