

Nothing New

Esham

Once you born into this world and you start to grow
Everybody get free will, now you know
But there's no guarantee on which way you go
You sow what you reap and what you reap you sow
Yeah I spit the wicket-icket-icket all in my flow
I could spread my wings and fly away just like a crow
Your arms too short to box with God, you can't go toe to toe
I done hit you with the facts, and I can't tell you no more
Yeah you rap but you part of the wack and you a clone
People in glass houses still wanna throw stones
I advise y'all to just leave it alone
What you call Hell I call home, Detroit the danger zone
Nothin' new, nothin' new, them not sayin' nothin' new
Nothin' new, nothin' new, them not sayin' nothin' new
They run they run they run they run they run they lyrics throug
h
But when them finished rhymin' you had no heard nothin' new
So this is dedicated to the words that run they rhyme
Said time after time after time after time
