Esham

Yuh  
Ooh ooh  
3 Headed Monster  
Devereaux  
Yuh

Kill shit certainly, curb stomp Hercules (Yuh)  
Try steppin', (Ooh ooh) you gon' hurt your knees  
Twelve bodies underneath our feet fit perfectly (Huh)  
Just slop when we stomp, no surgery (Nah)  
Flame gurgling, gasoline, mercury  
Three brains, not one takin' shit personally  
I'm a piece of work, but both my brothers on it worse than me  
(Yuh, huh) Whole world in a state of emergency (Ooh ooh)  
3 Headed, you get beheaded, hoe we demented  
We step and crack the cement and leave with it (huh)

You alive after this is a blessin' (huuh)  
CIA trippin', and the FBI some bitches  
Homeland security is pissin' in they britches (huh)  
Total devastation is the motherfuckin' business  
Kick the faces off of Mount Rushmore and leavin' divots (huh)

This obliteration killing your creation (yuh)  
Bitches hatin' (What we do), leave 'em layin' (Leave 'em layin')  
We ain't playin', stop and pop 'em, bodies sprayin' (huh)  
Whole city drippin', gotta walk the red pavement  
This obliteration (yuh) killing your creation (yuh)  
Bitches hatin' (What we do), leave 'em layin' (3 Headed)  
We ain't playin', stop and pop 'em, bodies sprayin' (huh)  
Whole city drippin', gotta walk the red pavement (Gone)

In our footprints crumbled red pavement for miles, steamin'  
Top of the mornin' or evenin'  
What's it matter? The sun'll never shine again  
Black soot snuffed it out 'til three million and ten  
Ambers flame under the acid rain  
Bodies don't stretch much, they ain't elastic, man  
When we breathe fire, ain't no cease fire  
You'll be feasted on, life ceases when we set the seas on fire  
Ensuing panic and causing havoc  
Showing that sympathy, can't fuckin' have it  
Fuckin' outlaw, we'll crush your fuckin' planet  
Come and jump in that fire, might as well [?]  
And our attackin', it ain't sporadic  
To dodge this foot you gon' need to be helly acrobatic  
It ain't no tragedy, causing casualties is magic  
The only way that 3HM would ever have it

This obliteration killing your creation  
Bitches hatin' (What we do), leave 'em layin' (Leave 'em layin')

3HM, not Satan, Cerberus dog is waitin'  
Fire-breathin', crematin', murder contemplatin'  
Flap my wings, I'm levitatin' then eliminatin'  
Who caused the devastation? 3HM association  
Bodies accumulatin' from my wicked calculations  
From the vibration give you heart complications  
Radioactive radiation, bullets penetratin'  
Regulate the regulations fuckin' up the simulation  
Operation world domination, no deviation  
I'm a time bomb tickin', countin' down the detonation  
Police station in a panic, cops run for they lives  
Step on a squad car, squish it right in front of your eyes  
You can't stop me, Bigfoot, Nephilim, Anunnaki  
I ain't no sucker, so you could never lollipop me  
This the 3 Headed, you'll regret it, we said it  
Slice you with my claw and leave your chest raw and shredded
