

Baby was a black sheep, baby was a whore  
Baby got big and baby got bigger  
Baby want somethin', baby gettin' more  
Baby, baby, baby was a rock-and-roll nigga  
Look around you, all around you  
Riding on a copper wave  
Do you like the world around you?  
Are you ready to behave?

Outside of society, they're waitin' for me  
Outside of society, they're waitin' on me

Baby was a black sheep, baby was a whore  
You know she got big, well she's gonna get bigger  
Baby got a hand, got a finger on the trigger  
Baby, baby, baby is a rock-and-roll nigga

Outside of society, the cops is waitin' on me  
Outside of society, is where I wanna be

"Those who have suffered, understand suffering and thereby extend their hand. The storm that brings harm also makes fertile. Blessed is the grass and herb and the true thorn and light."

I was lost in the valley of pleasure  
I was lost in the infinite sea  
I was lost, and measure for measure  
Love spewed from the heart of me  
I was lost, and the cost  
And the cost didn't matter to me  
I was lost, and the cost  
Was to be out society

Jimi Hendrix was a nigga  
Jesus Christ and Grandma, too  
Donald J. Trump is a nigga  
Nigga, nigga, nigga, nigga  
Nigga, nigga, nigga

Outside of society, the cops is waitin' on me  
Outside of society, is where I wanna be

Outside, outside, outside, outside  
Outside, outside, outside, outside  
Outside, outside, outside, outside  
Outside, outside, outside, outside
