

Selling Dope

Esham

They tell me that the cops will be looking for me
If I start selling dope, if I start selling dope
They tell me that the cops will be looking for me
If I start selling dope, to make a little money
They tell me that the cops will be looking for me
If I start selling dope, if I start selling dope
They tell me that the cops will be looking for me
If I start selling dope, to make a little money

She put it in my face, I asked her was it safe
Wasn't trying to catch a case, rat race no chase
She show amazing grace, game tight shoes laced
Big tits, small waist, fat ass, pretty face
She took me on a date, she said I'm losing weight
We sniffed up off the plate, that's how we used to cut the cake
She never hesitate to increase my heart rate
I love her like gettin' money the year was 1988

They tell me that the cops will be looking for me
If I start selling dope, if I start selling dope
They tell me that the cops will be looking for me
If I start selling dope, to make a little money
They tell me that the cops will be looking for me
If I start selling dope, if I start selling dope
They tell me that the cops will be looking for me
If I start selling dope, to make a little money

She said she like my style, ain't seen her in a while
I met her back in the day cruisin' down 7 Mile
This life I'm livin's foul, so take that shit to trial
I'm married to the game if you see me walkin' down the aisle
Hold up the streets I vow, I need a snowplow
I'm servin' mo' custos than the motherfuckin' law allow
I'm countin' fetty now, the cops gon' catch me how
And if I get locked up then I know she'll come and bail me out

They tell me that the cops will be comin' looking for me
If I start selling dope, if I start selling dope
They tell me that the cops will be looking for me
If I start selling dope, to make a little money
They tell me that the cops will be looking for me
If I start selling dope, if I start selling dope
They tell me that the cops will be looking for me
If I start selling dope, to make a little money
