

Silver Bullet

Esham

The world's goin' crazy, everyone's out they mind
Hell on Earth's and I'm still doin' time
Bust my shotgun, load it up with shells for the bloodlust
Public enemy number one, can't stop the bum rush
Fuck everybody, get the fuck out my way
I got bullets in my gun, I got somethin' to say
I got the right to bare arms, I got a loaded AK
First Amendment, freedom of speech cockroaches get sprayed
It feels good every day in the USA
You not from the Home of the Brave, then you can't play
I walk through the Valley of Death where bullets ricochet
Sittin' down in a crackhouse, how I earn my pay

Son of a bitch!
