It's that street corner-

Yo

Comin' straight out the 3-1-3

It's ya' boy (It's that-)

I know

Yeah!

Livin' in a world full of saints and sinners

Detroit there'll have you for dinner (It's-)

Everybody got a cannibal instinct, mentality (It-)

Is it all reality? (It's that-)

Sometimes I really don't wanna rap no more

That's like a millionaire sayin', he don't wanna stack no more (It's-)

Street knowledge, just pushin' the raw, or

May I help you? Do you want cheese on that?

Yo, freeze on that

It's that street corner indoctrination

That criminal ethic

That street corner value-system

It's overpowering

It's that street corner-

Wake up, wake up

More bread to bake up

I see posers putting on makeup (It's-)

So you could go ahead with your hate, but (It's that-)

But I'm the originator and creator

Of the style that you doin'

So you could stop your boo-hooing

And, yeah, I'm talkin' 'bout you, an' (It's-)

The off-beat DJ

In your thing, he play (It's-)

Sound familiar? I went to [?] (It's that-)

E say, "Slay 'em!" then I'ma have to diss!

And, bitch, you could get smacked for this (It's-)

I ain't no Joker, let the pistol smoke

Boomin' Words from Hell since '89

And that's dope! (It's-)

You don't even know the meanin' of that! (It's that-)

So, I'ma tell you why these motherfuckers fiendin' for that

Acid Rap, just like crack

Once ya' take one hit, two seconds, they comin' back

It's that street corner indoctrination

That criminal ethic

That street corner value-system

It's overpowering

It's that street corner-

I spit lyrical poetry to all that know of me

But some motherfuckers call me Unholy

Esham, the Black Devil, I got many names, yeah (It's that-)
And they all the same
You don't even know I'm from the Egypt
But, people be like, "Sink his ship!" (It's-)
And that's some bullshit! (It-)
And I don't even know if I could really deal with that (It's that-)
It's just words, but the pen is mightier than the sword
But, oh, my Lord, push me forward! (It's-)
Once I spit this priceless, I don't even know if y'all can really afford (It
-)
