The Biggest

Esham

Bitch, we the biggest, what the fuck you gon' do?
Your tanks like toys, what that make you?
Bitch, we the biggest, like thirty gorillas
On wet cigarettes and shots of tequila
Bitch, we the biggest, fuck Giant Gonzalez
The biggest and tallest, straight whatchamacallits
Bitch, we the biggest, pissin' tsunamis
Stompin' out your volcanos, blow out your mama poonami
We the biggest

Back from the biggest diggers, three-headed monster niggas
Back from the dead like Mumm-Ra the ever-living
No not a fuck I'm givin', stepping on women and children
Come through your town, shot it down, destroy all of your buildings
Hip hop triceratops, pick it in botox
Open up your big mouth and blow on this big cock
Bigger than Biggie could be, King Kong ain't got shit up on me
I'm from the 313, stay the fuck off my D

Yeah, bitch!
It's all fun and games
'Til your whole fuckin' neighborhood get crushed
With a dick slap

How they gon' fuck with biggest ever saw?
Biggest, realest killers ride
Bitches fuckin' with us die
How they gon' fuck with biggest ever saw?
Biggest, realest killers ride
Bitches fuckin' with us die

Why the fuck you screamin'? It don't even hurt
Let yourself get stomped and squirt

Bitch, we the biggest, fuck around, we get bigger
At the gas station drinkin' diesel like liquor
Talons are sharper, bitch, we cut you like scissors
Slice you like razors down the spine of a swisher
Cut you in half and fuckin' laugh at your body
Stomp on the club the night you havin' a party
Your diamonds are shiny, put my foot in your hiney
You talkin' big shit, but boy to us you look tiny

Bitch, we the biggest, too big for your tales
Your monsters midgets, ants, and snails
Bitch, we the biggest, snorting snow off your peaks
What you call the Rockies, bumps in the streets
Bitch, we the biggest, put us in a cage?
You gon' need a planet just for the stage
Bitch, we the biggest, no reason to run
Soon as we showed up, you're done

Fee-fi-fo-fum
I'm the blood in the veins of the evil ones

How they gon' fuck with biggest ever saw?
Biggest, realest killers ride

Bitches fuckin' with us die
How they gon' fuck with biggest ever saw?
Biggest, realest killers ride
Bitches fuckin' with us die

Big bullets in the big clip, suck my big dick
Murder music, I'm a misfit, tote the biscuit
I got the big balls, I clock the big funds
Come and get some, sick one with the big guns
Big boys pull up in them big toys
Making big noise, 3 Headed Monster with the big voice
I'm not Batman, but I'm big Robin
If you got a big problem, come and see the big goblin

Bitch, we the biggest, matter fact we the largest
Drown pigs in our piss, we give a fuck about charges
Tryin' to stop us probably isn't the smartest
Stomp a stain out that bitch boy you callin' a artist
Fuck that bitch and whatever they opinion is
All you see is a giant pile of shit where they used to live
Drop a deuce on your whole house
Can't dick suck your way out with that little mouth

That's your best defense against the 3 Headed Monster?
I thought this attack would be fun!

How they gon' fuck with biggest ever saw?
Biggest, realest killers ride
Bitches fuckin' with us die
How they gon' fuck with biggest ever saw?
Biggest, realest killers ride
Bitches fuckin' with us die

We're the biggest ever
