

# Trick Wi' Me

Esham

Come on, come on, come on, come on

Come on, come on, come on, come on

Come on, come on, come on, come on

Come on, come on, come on, come on

In the city where niggas sniff 'caine off bitches titties  
High price passion, money flashin'

"How much would it cost for me to take a sniff"

To get a whiff of your punani

I just wanna creep with ya, freak with ya

Fuck ya all night and then fall asleep with ya

No one knows behind closed doors

How good that pussy be, they can ask me

I wanna fuck you, what's your fee?

Since I first saw you shakin' ass at the Brass Key

It's kinda sickening knowin' where my dick's been

Money's a trick's best friend but then again

Ghetto life ghetto livin' ghetto mind a swirl

Trick niggas bring trick babies into this world

Tonight'll be your night if your price is right

Get your panties out your ass bitch you too uptight

Some niggas won't admit to trickin', but I be stickin'

These hoes with the dick known for bein' finger lickin'

No ass kissin', just dissin' and dismissin'

Bitches be wishin' if I give they pussy permission to cum

So come and get some of this scratch

With no strings attached, come trick with me

Trick with me tonight ([?])

(Come on, come on, come on, come on)

Trick with me tonight ([?])

(Come on, come on, come on, come on)

Trick with me tonight ([?] I can do that, no, I can take that)

(Come on, come on, come on, come on)

Come on and trick with me tonight (How much you talkin'?)

(Come on, come on, come on, come on)

I like to get it on with red bones, freak bones

To the early morn, the crack of dawn

See my pockets run deep so I can afford to creep

I ain't cheap so don't sell me dreams, I don't sleep

I wanna lay ya flat on your back

And if I bust a nut in two minutes, do I get money back?

And how many nuts come with that?

See, I wanna hit it from the back and be all up in that cootie cat

I want you to make me feel like

Ain't no pussy better than your pussy, and I just might

Make you believe you wanted me like I wanted you

Even thought I just came out about to

And it was worth every penny

Bitches get the dollars get the dick if you gettin' any

I wanna fuck you real slow like a nigga never did befo'

I bust a nut and go, 'cause bitch you ain't my ho

I had to do ya like you never been did

So silly ho tricks is for kids  
Pussy distribution pimpin' and prostitution  
Bitch you need to be up in the institution  
'Cause it be shit like this that get a nigga fucked and his ass kissed  
And plus bitch I'm payin' for this, so

Trick with me tonight ([?])  
(Come on, come on, come on, come on)  
Trick with me tonight ([?])  
(Come on, come on, come on, come on)  
Trick with me tonight ([?])  
(Come on, come on, come on, come on)  
Come on and trick with me tonight ([?])  
(Come on, come on, come on, come on)
