Esham

Ugly is the new pretty

When the sun goes down and the darkness comes  
Trust no one, trust no one  
When you bleeding in the water, that's when the sharks come  
Trust no one, trust no one  
When the sun goes down and the darkness comes  
Trust no one, trust no one  
When you bleeding in the water, that's when the sharks come  
Trust no one, trust no one

I don't trust my own mama as far as can throw her  
I don't trust my baby mama, all the money I owe her  
I don't trust the government, so no I'm not a voter  
I don't trust you so I tote a forty-four-a

He was playin' dead so I popped him like a possum  
I can't trust him if he ever trying to hustle me like hustle man  
And that's the main reason you can't trust a man  
You can't trust a Republican or a Democrat  
That's like trusting all your cheese with a hungry rat  
Matter fact, if you chasin' cheese in a trap  
You the mouse in the house like oh snap

When the sun goes down and the darkness comes  
Trust no one, trust no one  
When you bleeding in the water, that's when the sharks come  
Trust no one, trust no one  
When the sun goes down and the darkness comes  
Trust no one, trust no one  
When you bleeding in the water, that's when the sharks come  
Trust no one, trust no one

A picture's worth a thousand words, she's a real cutie  
But you met her in real life, she got a fake booty  
She say, "I know you can't trust me, but is my beauty true?"  
You say, "No, ho, 'cause you got booty do"

When the sun goes down and the darkness comes

Trust no one, trust no one  
When you bleeding in the water, that's when the sharks come  
Trust no one, trust no one  
When the sun goes down and the darkness comes  
Trust no one, trust no one  
When you bleeding in the water, that's when the sharks come  
Trust no one, trust no one
