

Ugly

Esham

Sit back while I'm makin' my stacks
Rappers takin' my style, but I'm takin' it back
Click clack, I can make 'em relax
They was kickin' the fiction, but I'm kickin' the facts
I'm psycho, Michael Jackson
Pulled out the jammy, and it's time for action
I'll break ya down like a fraction
All about adding and not subtraction
Yo girl like, uhh
Lookin' like uhh, uhh, uhh
She was joggin' down the street
I was lookin' at that meat
Compete me, jumped out the car like an athlete
Ran up on her like a track meet
Now she got her legs in the air
Like the doors on the Lambo, all in my backseat

Why you mad at me? I know what you see
When you look inside that mirror, you ugly

(Say what?) With your ugly ass
(You stank) With your ugly ass
(Yo mama) With your ugly ass
(Ugh) With your ugly ass
(Little ho) With your ugly ass
(You broke) With your ugly ass
(Bitch) With your ugly ass
(You mad) With your ugly ass
(Ew, don't touch me) With your ugly ass
(You a strange ho) With your ugly ass
(Fuck up outta here) With your ugly ass
(What you lookin' at?) With your ugly ass

U-G-L-Y
You ain't got no alibi
You ugly, you ugly
You ugly, all in the face
I don't give a fuck
If you got a lot of money
Big lip ugly motherfucker
And that shit is hella funny
You the ugly one in ya ugly crew
Ya mama had you, and she ugly too
And that's Ugly 3 and Ugly 4
And Little Ugly just walked through the door
All y'all can go on an ugly tour
Ugly people fuck and make ugly more
You ugly rich or ugly more
But it ain't no reason, you just ugly, boy

Why you mad at me? I know what you see
When you look side that mirror, you ugly

(Say what?) With your ugly ass
(You stank) With your ugly ass
(Yo mama) With your ugly ass
(Ugh) With your ugly ass

(Little ho) With your ugly ass
(You broke) With your ugly ass
(Bitch) With your ugly ass
(You mad) With your ugly ass
(Yo daddy) With your ugly ass
(You a strange ho) With your ugly ass
(Fuck up outta here) With your ugly ass
(What you lookin' at?) With your ugly ass

Ugly-ass motherfuckers
Always wanna fight
'Cause your ugly ass ain't got shit to do
You want somebody else face fucked up too
Ugly motherfucker
Please don't even try it
All the ugly, ugly people
Won't you please be quiet?

You ugly
