Esham

What my name is
What my name is
What my name is
What my name is

Eastside hoes and money
Choppin' on blades when it's sunny
I like havin' sex for breakfast
'Cause I like to nut in honey
Shit, shave, shower up
Detroit power up
Throw on a brand outfit
And drop the top when I hit the switch
Gettin' wild on 7 Mile
I'm hot dog Coney Isle
Never try to play me foul
I'll end the game like pow pow pow
Makin' a killin', supervillain
Now they call me ill billion
Now I'm chasin' after trillions
