

The streets on fire, can't get enough, can't get enough  
I need the volume higher, so turn me up, turn me up  
You get what you desire, if you earn enough, earn enough  
The Devil is a liar, so burn him up, burn him up  
They bite like a vampire, the bloodsucking motherfucker  
Hanging from barbwire, they dead from the bullets busting  
You caught a flat tire, on the east side of town they found you  
Look up out your window, and a bunch of niggers was around you

You hear it all day, you hear it all night  
'Cause it's the jungle, and it's a wildlife  
You want the big cheese, you gotta big fight  
'Cause it's the jungle, and it's a wildlife  
You hear it all day, you hear it all night  
'Cause it's the jungle, and it's a wildlife  
You want the big cheese, you gotta big fight  
'Cause it's the jungle, and it's a wildlife

Lions and tigers and bears, don't be scared, oh my  
Crackheads smoke crack on the stairs  
Don't look directly in their eyes  
The three little pigs don't let 'em in, don't let 'em in  
Big bad wolf, not by the hairs of my chinny chin chin  
You'll get cooked, fuck the judge and the DA prosecutor  
I was raised in Detroit on the east side with the shooters  
Smoking Buddha intruders in your pocket for that gouda  
Guess you are what you eat so I eat shark or barracuda

You hear it all day, you hear it all night  
'Cause it's the jungle, and it's a wildlife  
You want the big cheese, you gotta big fight  
'Cause it's the jungle, and it's a wildlife  
You hear it all day, you hear it all night  
'Cause it's the jungle, and it's a wildlife  
You want the big cheese, you gotta big fight  
'Cause it's the jungle, and it's a wildlife

Black betty black betty get ready, jump off in my Chevy  
I'm the rocker with choppers, believe me my metal be heavy  
Keep it steady like Freddy, I'm petty whip out the machete  
He was kicking and screaming for his life, I still wet 'em  
Go and get him you know that they will  
The jungle is kill or be killed  
Big bullets my gun is concealed  
And somebody blood will get spilled  
Slaughtering pigs that squeal  
Fuck all them feelings you feel  
Knowing the fake from the real  
Hard to swallow that pill

You hear it all day, you hear it all night  
'Cause it's the jungle, and it's a wildlife  
You want the big cheese, you gotta big fight  
'Cause it's the jungle, and it's a wildlife  
You hear it all day, you hear it all night  
'Cause it's the jungle, and it's a wildlife  
You want the big cheese, you gotta big fight

'Cause it's the jungle, and it's a wildlife
