

Wolfsbane

Esham

Members of the citizens' council
I am a simple soldier
And as a soldier, I see things simply
I don't say all humans are evil simply because their skin is white
No! But our great law giver tells us that never
Never will the human have the ape's divine facility
For being able to distinguish between evil and good
The only good human, is a dead human!

It ain't no secret, I'm a ghost
But they seeing me the most
I haunt they ass to the grave
Like a pig's nightmare of a roast
Now you see me, now you don't
I'm somewhere you can come but won't
I hang with Michael Jackson
Can't get no satisfaction
I'm thinking how he know Aleister Crowley
They both must be werewolves like the howling
So Michael ain't dead, he just off the wall
To go to sleep at night, he take propofol
He in a deep sleep, and I'm a day walker
He told me watch out for the night stalker
She in a heartbreak hotel
And if you don't know by now, man, this Hell

Welcome to Hell, the place you go
Where the women are naked, and the liquor flows
And you do drugs all day and never overdose
Never overdose
Welcome to Hell, the place you go
Where the women are naked, and the liquor flows
And you do drugs all day and never overdose
Never overdose

Hell seem like the place you wanna be
I seen 2Pac and Biggie
John Lennon and Eazy-E
Recently saw Heavy D
I wondered how they knew my face
I guess they saving me a place
I tell 'em all the reconsider
Then they follow me on Twitter
There's no escape, I'll see you soon
Says the Devil in the moon
Surveillance beaming out the sky
Illuminati's evil eye
I'm fighting with the cyclops
I can't escape the mason blocks
Poison my food, I know your plan
Got 'em eating out your hand

It's a cook book, how to serve man
It's a cook book, it's a cook book
Don't get on that shit, don't get on that shit
It's a cook book, they don't want you over for dinner
How to serve man
