

Best Day

Electric Callboy

Like a new storm you take me to the exile of my mind.
You're my savior, the unknown, somewhere before my eyes.

This is me following your foot steps,
trying to get access into the end.
Is it you, the perfect morning after?
Or just yesterday again?

I've been searching, I've been waiting for the best day of my life.
Can you feel me, can you save me on the best day of my life?
No more breaking, breaking, breaking bad, wanna wake up, wake up
from the dead.
I'll be fightin', I'll be dyin' for the best day of my life.

“Aufstehen, Zähne putzen, Haare kämmen. Weiße Schuhe, graue Hose,
schwarzer Cardigan!
Sag' mir Bescheid, wenn ich noch irgendwas vergessen hab', ich
bin perfekt ausgestattet für meinen besten Tag.
Und du fragst, was so besonders daran ist, dann sag' ich: Heute
scheint die Sonne nur für mich.
Meine Augen rot und glasig, ich sitz' im Park und mach' die Arbeit
eines Habichts-Gar nichts!
24/7 bleib' ich cool wie'n Gletscher, schöner Tag, du bist mein
Bester.
Ich hab' dich gesucht und gefunden. Und jetzt bleiben mir nur'n
paar Stunden.“

This is me following your foot steps
trying to get access into the end.
Is it you, the perfect morning after?
Or just yesterday again?

I've been searching, I've been waiting for the best day of my life.
Can you feel me, can you save me on the best day of my life?
No more breaking, breaking, breaking bad, wanna wake up, wake up
from the dead.
I'll be fightin', I'll be dyin' for the best day of my life.

Life.
The best day of my life.
The best day of my life.
For the best day of my life.
For the best day of my life.

I've been hanging on, I've been coming strong on the best day of my life.

This is how I feel, this our mystery on the best day of my life
?

No more breaking, breaking, breaking bad, wanna wake up, wake u
p from the dead.

I'll be fightin', I'll be dyin' for the best day of my life.

For the best day of my life.
