

Everyday our lives are just in between, incomplete
So tell me
Why we live in a cage when we want to be free, what else do we need?

Just tell me
Why do we fake ourselves stress dissuccesed, there you'll repeat?
Please tell me
Everyday our lives are just in between
So why you'd take my?

Take my hands
We are the wave from the new evolution
Take my hands
We are, we are, we are the wave

We will climb up a tree without planting seed, can you see?
So tell me
How we long to a trust so walk the leaders bridge, misery?
Just tell me
Why'd do we locked to ourselves to just fired knees deliver repeat?

Please tell me
Every change once started, there's a dream

Take my hands
We are the wave from the new evolution
Take my hands
We are, we are, we are the wave
You will need us, we won't give us
So take my hands
We are, we are, we are the wave

This is a new age
In running out of time
Saving from myself

We are, we are
We are, we are
We are the wave from the new evolution
We are, we are
We are, we are
We are the wave from the new evolution
You will need us, we won't give us
So take my hands
We are the wave from the new evolution
