

## Rooftop

Electric Callboy

Ah, I know you bitches gonna like that  
Fresh sneakers, gold print on the snapback  
Two 17, evergreen like Charlie Sheen  
Pornstars on my 80 inch TV screen

I said, all you haters better rep that shit some more  
Rock that shit, everybody gonna let the good times roll

Bounce that shit  
Rep that shit  
Do you want some more?  
Bounce that shit  
Rep that shit  
Death to all the hypocrites

And I'm standing on my rooftop  
On my rooftop  
All eyes on me  
I just want you to see that I  
Always give my best shot  
Give my best shot  
All eyes on me  
Cause I'm keeping it real

20k iced out grills  
Autotune than T-Mills  
Chilling with the Uzi  
In the Jacuzzi and counting bills  
Everybody's dropping  
shitty mixtapes in the charts  
But I keep on hustling  
Shopping carts full of gold bars

Getting fly high  
Living life like an OG  
Don't even try  
Cause you're never gonna be  
Gonna be like me  
I get what I want  
Anytime and I won't even ask for it bitch  
I just grab it  
Like the devil by the horns

And I'm standing on my rooftop  
On my rooftop  
All eyes on me  
I just want you to see that I  
Always give my best shot  
Give my best shot  
All eyes on me  
Cause I'm keeping it real

Crispy crackers caviar  
Butlers fill up the bars  
My crib's bigger than Wayne Manor  
Got a yard full of cars  
Got diamond topped fruit loops

Breakfast in the marble kitchen  
Still number one on the hit list  
I was born as business

Getting fly high  
Living life like an OG  
Don't even try  
Cause you're never gonna be  
Gonna be like me  
I get what I want  
Anytime and I won't even ask for it bitch  
I just grab it  
Like the devil by the horns

And I'm standing on my rooftop  
On my rooftop  
All eyes on me  
I just want you to see that I  
Always give my best shot  
Give my best shot  
All eyes on me  
Cause I'm keeping it real

Still the baddest boy in the neighborhood  
Throw my money at the crowd  
From the top of my roof  
Work hard, play hard  
And never get lazy  
Living life fast  
Keep on balling baby!

Just keep on ballin!  
Ballin, ballin, ballin, ballin baby!

Gettin' fly high on the top of my roof  
You see me ballin  
You see me ballin  
Livin' life high on the top of my roof  
You see me ballin  
You see me ballin
