

# We Got the Moves

Electric Callboy

Summer mood  
Hot sand under my feet  
Cold beer, cheap wine  
Yeah that's all that we need  
We got the moves  
We got the moves  
And everybody's like  
Oh fuck yeah, let's do it again

We got the moves  
We got the moves  
And everybody's like  
Yesterday we drank too much  
Let's do it again  
We got the groove  
We got the groove  
So everybody put your hands straight up  
Tonight is the night

We are young  
We are free  
Sipping on booze on a sunny beach  
We're alive  
We believe  
That summer time memories  
Will never fade away

We're living the good life, high life  
Everybody wants that hot vibe  
We wanna feel it just all over and over again  
More, just give me more  
'Cause we're addicted to the groove  
Oh yeah, we do it again  
We got the moves  
We got the moves  
And everybody's like  
Yesterday we drank too much  
Let's do it again  
We got the groove  
We got the groove  
So everybody put your hands straight up  
Tonight is the night

We are young  
We are free  
Sipping on booze on a sunny beach  
We're alive  
We believe  
That summer time memories  
Will never fade away  
Will never fade away  
Will never fade away

We don't need no club  
All we need is the sun  
Yeah we will rave like hell  
'Till the weekend is done

We got the moves  
We got the moves  
And everybody put your hands straight up  
Tonight is the night  
We say

Döp dödödö döp  
Döp dödödö döp  
Döp dödödö döp  
Döp dödödö döp  
Döp dödödö döp  
Döp dödödö döp

We got the moves  
We got the moves  
And everybody's like  
Yesterday we drank too much  
Let's do it again  
We got the groove  
We got the groove  
So everybody put your hands straight up  
Tonight is the night

Everybody hands up  
We don't need a damn club  
Get down 'cause we're gonna party like hell  
And we won't stop until the sun up  
Hits our glowing eyes like BOOM BOOM  
We gon' put the track on repeat

We are young  
We are free  
Sipping on booze on a sunny beach  
We're alive  
We believe  
That summer time memories

We are young  
We are free  
Sipping on booze on a sunny beach  
We're alive  
We believe  
That summer time memories  
Will never fade away  
Will never fade away  
Will never fade away
