

# Got What You Need

Eskimo Joe

In the cool of the evening time  
She will rise from above  
All she wants is the easy life  
But all she gets is enough  
Just enough

Ooo, ooo  
If you want it, you got it  
I got what you need  
Ooo, ooo  
If you want it, you got it  
I got what you need

Well she lives in an easy town  
With a sky scraper smile  
But she just want to burn it all down  
'Cause she's burning inside  
And she cries

Ooo, ooo  
If you want it, you got it  
I got what you need  
Ooo, ooo  
If you want it, you got it  
I got what you need  
come on

So they say this is happiness  
And money only buys you a brand new dress  
Well I cant tell you what to believe  
If you want it you got it  
I got what you need

Ooo, ooo  
If you want it, you got it  
I got what you need  
Ooo, ooo  
If you want it, you got it  
I got what you need

So they say this is happiness  
And money only buys you a brand new dress  
Well I cant tell you what to believe  
If you want it you got it  
I got what you need

Ooo, ooo
