

# How Does It Feel

Eskimo Joe

You live so much, its like you're dying  
You can't give up, you're body's trying  
You build so tall its like you're flying  
But rocks will fall; the sky keeps climbing

You're gonna lose everything

How does it feel

I'm not scared so much of trying  
But don't look up you might start flying

You're gonna lose everything

How does it feel

Oh know

What I want to know is how does it feel

You're gonna lose everything

How does it feel

You live so much, its like you're dying  
You can't give up, you're body's trying  
You build so tall its like you're flying  
But rocks will fall; the sky keeps climbing
