

# Please Elise

Eskimo Joe

Please Elise  
Please Elise  
Won't you  
Undress for me tonight  
Well I'm not feeling quite right  
And I could  
Use some comfort please Elise

Can I lay  
Upon your pillow  
In your room  
That has no windows  
Can I call when I get back home  
Please Elise  
Come rescue me

Well this rocking horse pillow  
Won't get me to sleep  
Come over now baby  
Come over to me  
And say no words  
Don't even speak  
'Cause all I'm asking here  
Is come over to me

Please Elise  
Please Elise  
Come on over  
Over to me

If I stay  
Would you make me wait  
And if I go  
Would it be too late  
So come on  
Come on  
Come on  
Come on  
Come on over  
Please Elise  
Come rescue me

Well this rocking horse pillow  
Won't get me to sleep  
Come over now baby  
Come over to me  
And say no words  
Don't even speak  
'Cause all I'm asking here  
Is come over to me

Please Elise  
Please Elise  
Come on over  
Over to me

Please Elise

Please Elise  
Come on over  
Over to me
