

# Journey

Esmée Denters

Sometimes it feels like  
There is no end in sight  
You've travelled for so long  
Wondering when will you arrive  
Trying to get to paradise  
It's right here  
Just look around and  
Open up your eyes

Cause there's a story behind every scar  
We can't turn back now that we've come this far

'Cause nothing worth having  
Ever comes easy  
We gotta keep fighting  
For what we believe  
And when the road gets hard  
And brings you down to your knees  
Just remember it's all about the journey

When the doubts  
They start to cloud your mind  
Hold on to hope and  
Trust that things  
Will be alright  
We're all just trying to find our way  
There's no shortcuts you can take  
To any place worth going

'Cause nothing worth having  
Ever comes easy  
We gotta keep fighting  
For what we believe  
So when the road gets hard  
And brings you down to your knees  
Just remember it's all about the journey

It's about  
All the people that you meet  
Along the way  
All the lessons that you learn  
Through your mistakes  
All the moments that take  
Your breath away

It's about  
All the people that you meet  
Along the way  
All the lessons that you learn  
Through your mistakes  
All the moments that take  
Your breath away

'Cause nothing worth having  
Ever comes easy  
Just remember it's all about the journey
