Essosa

Ah

Ooh, ooh, ooh, ooh

It's shaken me up and breaking me down  
Darling, I don't have time for messing about  
I guess it was just my mistake  
You'll never love me now  
It's shaken me up and breaking me down  
Darling, I don't have time for messing about  
I guess it was just my mistake  
You'll never love me now

I called your name out deep in the dark  
Afraid that I'd be falling too far  
Couldn't find myself in blinding light  
Too focused on the spark in your eyes

Would you believe our fantasy  
Could come to life, emerge tonight  
Too good to be true  
Baby, I'd always stick by you, oh

It's shaken me up and breaking me down  
Darling, I don't have time for messing about  
Guess it was just my mistake  
You'll never love me now  
It's shaken me up and breaking me down  
Darling, I don't have time for messing about  
Guess it was just my mistake  
You'll never love me now (Ooh)

I dared you to look me in the eye (Ooh, ooh)  
Tell me everything will be alright (Ooh, ooh)  
But when pride gets the best of you (Ooh, ooh)  
You'll think you ain't got nothing to lose (Ooh)

Would you believe our fantasy  
Was destined to die, it weren't quite right  
Too good to be true  
And now I have to deny you, oh

It's shaken me up and breaking me down  
Darling, I don't have time for messing about  
Guess it was just my mistake  
You'll never love me now (You'll never love me now)  
It's shaken me up (Ah) and breaking me down (Oh)  
Darling, I don't have time for messing about (Time for messing)  
Guess it was just my mistake  
You'll never love me now, oh, oh

(Ooh, ooh, ooh, ooh) You'll never love me now  
(Ooh, ooh, ooh, ooh) Now, oh  
(Ooh, ooh, ooh, ooh)  
(Ooh, ooh, ooh, ooh) Now, now, oh
