

Audi Beamer

EST Gee

Audi, Beamer, my swag gettin' meaner
Dirty money in 'em, put my Balmain's in the cleaners
She down for whatever if the bag is right
These niggas is broke, they live the average life
Yellow bitch, small tits but her ass was nice
We all shoot, don't know the last time that we had a fight
His ho wanna fuck because the cash was right
Get her on a tab and she start spazzin' like
Would it be right if she let everybody smash tonight?
We like "Do yo' thing baby, we not like them lames baby"
We like "Do yo' thing baby, we ain't like them lames baby"

Droppin' the price on my P's
Weigh it up, bag it, then leave
I like it red if it's lean
.38 mag with the beam
Split a nigga from his seams
Too hood to wear Supreme
Everything I wear for G's
Gucci except on jeans
I was on Perc's like a fiend
Mind right, now I'm clean
Whole world at my feet
We used to steal from the Arabs
Dirty nigga, never take baths
Kick door, where the safe at?
All black with the facemask
Say some', get his face smashed
Fuck out of here with your lame ass

Audi, Beamer, my swag gettin' meaner
Dirty money in 'em, put my Balmain's in the cleaners
She down for whatever if the bag is right
These niggas is broke, they live the average life
Yellow bitch, small tits but her ass was nice

We like "Do yo' thing baby, we ain't like them lames baby"
We like "Do yo' thing baby, we ain't like them lames baby"

White bitch, but she super thick, and she spoiled as shit
For a grit, she gon' bring her friend, they gon' do a split
For a sack, she say it's a blitz, do all kind of tricks
You a joke, buy her what she want, she say you a lick
It's the clique, whole lotta zips, whole lotta bricks
Whole lotta fits, whole lotta kicks, we the shit
I got pounds steady comin' in, what you tryn' spend?
I got gas, couple packs of mid, price drop you get 10
In a Benz, me and all my friends, tell yo' ho get in
Put her in a vid, she know you her man, but we pay her rent
On some Xans, my lil' homies hungry, they gon' kill for nothin'
Ain't no bluffin', we ain't fightin' nothin', pull up and we bussin'
I got growers, all my prices lower, we don't smoke no roaches
I'm a vulture, I took out a soldier and I did it sober
You a poser, better yet, a loner, on yo' auntie's sofa

You the brokest, yo' bitch said you bogus, she want you to grow up

Audi, Beamer, my swag gettin' meaner

Dirty money in 'em, put my Balmain's in the cleaners

Yo' bitch wanna fuck because the slab was right
