

BLOW UP

EST Gee

(FOREVEROLLING)

Yeah, yeah, yeah, yeah, yeah, yeah

I still got it, nigga, action or exotic

Ain't no label get me poppin', soon as he touch the bottom, drink some water

Make it harder, fish with side of tartar for a shooter or a snorter

I'll make you to a martyr easy, step in front this carbon (Brr)

I'm into extortion, we gon' pay the work, it's cornered

Catch a nigga early mornin', buyin' diapers for his daughter

Lot of rappers just be actin', they in character performing

Seen so much, it's normal, I ain't develop no disorder

I'm spinnin' over and over, nothin' come out, opps out of order

Out here, I'm like Jordan, ain't nobody stoppin' me from scorin'

Beach gon' play the block, then run the floor for me, my power forward

Everybody thank the Lord, God gave a million to lil' George

'Cause as many as it is now, if I was around, it'd be more

As in poor, as in corpses and wars and morgues

Like, nah, I don't fuck with him, he cap (Nah)

Switch the phone, it might be tapped, turn this sizzoft into crack

Blow is double for me, blow is double for me

Blow is double for me, nigga, blow is double for me (Yeah)

Like, nah (Nah), I don't fuck with him, he cap

Switch the phone, it might be tapped, turn this sizzoft into crack

Blow is double for me, blow is double for me

Blow is double for me, nigga, blow is double for me (Yeah, yeah)

You know I took his shit closed-

fist (Closed), yeah, they ain't give it to me (Shit)

Dog cook a mixed pit-bully, I get 'em, ship it to me

Tried tax it, so know we took it, he gotta popped for tryna whoop me

Big shiner, bigger money, quiet 'fore I put it on him

My lil' brother richer than his big homie

Skinny, bony, pants XL, stick on him (Brr)

Patient once we sittin' on him

Trippin', ain't tint the windshield, it's easier to see him still

I ain't leavin' 'til he get killed, how you think that it make me feel?

No, you ain't on nothin' for real, knowin' that ain't love you feel

Knowin' I play dumb for real, I'm slammin', get my cousin killed

Wonder, do you love me still? You know I hate you

Can't wait to spank you, they ready should I say to (Yeah)

Like, nah, I don't fuck with him, he cap (Nah)

Switch the phone, it might be tapped, turn this sizzoft into crack

Blow is double for me, blow is double for me

Blow is double for me, nigga, blow is double for me (Yeah)

Like, nah (Nah), I don't fuck with him, he cap

Switch the phone, it might be tapped, turn this sizzoft into crack

Blow is double for me, blow is double for me

Blow is double for me, nigga, blow is double for me
