

# Come Eat Wit Us

EST Gee

Yeah, haha

Yeah, we bringin' the streets back

Yeah, you know this shit hot right now, man

Snitchin' at an all-time high

Yeah

Dope boy, street nigga, cut your plug off, come eat with us

Dope boy, street nigga, cut your plug off, come eat with us

Jugg with the gang, come eat with the gang

You'll get your head bust for watchin' a chain

Everybody equal, we don't give out stain

Kept it real with my niggas, never switch lanes

Come get some free bands, cut off your boss

I'm rich as fuck, nigga, I could take a loss

And he ain't in your raps, but I invented the triple cross

Put five strands together and call it criss-cross

Come eat with the gang, come eat with the gang

How these rappers walkin' 'round with fake chains?

I rock Eliante diamonds, we are not the same

Don't leave the house without a stick, the streets is not a game

Dope boy, street nigga, cut your plug off, come eat with us

Dope boy, street nigga, cut your plug off, come eat with us

Jugg with the gang, come eat with the gang

You'll get your head bust for watchin' a chain

Everybody equal, we don't give out stain

Kept it real with my niggas, never switch lanes

Yeah, they say Geeski brought the streets back, he Jeezy '03 (Jeezy)  
And his dope gon' go one to three, he ain't nothin' like me (Like Jeezy)

It wasn't my lane, but I still bought it, 'cause the price was cheap  
('Cause the price)

Breakin' off-shore, my ice is sweet, junkie up for a week (Go)

I'm qualified, I bust my yeek and don't talk with police

I'm on TV, showin' my jewelry off, droppin' a V

They on computers, I'm a shooter in real life, not on beats (Gang, gang)

You ever served your daddy uncle a cuz and a B?

You ever stood over a nigga and did it for free? (Brr)

Without no mask, 'cause it was personal, want him to see (See this sh it)

We laid in front his house so long, I start fallin' asleep

Fuck my bitch raw, 'cause I could not with no mask, hit the sink

Dope boy, street nigga, cut your plug off, come eat with us

Dope boy, street nigga, cut your plug off, come eat with us

Jugg with the gang, come eat with the gang

You'll get your head bust for watchin' a chain

Everybody equal, we don't give out stain
