EST Gee

Crash, crash, crash, crash
Crash, crash, crash, crash
You should crash
Oh, oh
Oh, oh
Oh, oh
Crash dummy, goin' retarded, spendin' cash money

Yeah, if I hear 'bout your time, I'm takin' your BM to visit Miami
I don't care who birthed her, for the weekend, I'm her daddy
Pull up on her ex block and jump out like, "What's happenin'?"
I done met some strippers, richest bitches in they family
You ask me why I did it and I don't remember, it was petty
I'll give you a thousand when you suck it, you do it messy
I'ma have a driver drop her off when she get ready
She said she tired of shit fallin' in her eye from the roof of your Chevy
I want her to see stars but every car ride she wanna get him
Swervin' so bad, let me pull over before I crash, bitch

Crash, crash, crash, crash
Crash, crash, crash, crash
You should crash

I just wanna crash like a high speed
Crash, I just wanna crash like I'm goin' to sleep
Crash, I just wanna crash like I'm drunk speedin'
Crash, I just wanna crash like a landin'
Crash, I just wanna crash like how Wall Street
Crash, I just wanna crash like two jet skis
Crash, I just wanna crash like a PC
Crash, I just wanna crash like I'm Don Cheadle

Pretty muthafucker, I can't get enough of her
Shake somethin' every time I see her, Blac Youngsta
From the back, front, I let her ride like a trucker
I had to tell her, "Shut up! Keep on yellin', gon' wake your son up"
Use me for a come up, cool, long as you clean that cum up
Watch her get every crumb up, missed her callin' as a butler
Only sad thing, I never see her when the sun up
But I ain't trippin', soon as she get with me, she know what's up
Might meet her in a bonnet, ain't no time for her to get done up
She know that I hate make up but get caked up when we fuckin'
Sometimes she feel I slut her, but can't make love makin' money
After I told her that, she act like she ain't want nothin' from me
She text me, say she happy, worked her problems out with buddy
I said, "Cool, wish I knew that I ain't gettin' no more pussy"
Sad, guess I'll wait around for the next time you're mad
Next city now, can we kick it one more last?
Must be with him now, you ain't textin' me fast
Just want sex with you bad, but can't no bitch make me crash

Crash, crash, crash, crash
Crash, crash, crash, crash
You should crash

I just wanna crash like a high speed
Crash, I just wanna crash like I'm goin' to sleep

Crash, I just wanna crash like I'm drunk speedin'
Crash, I just wanna crash like a landin'
Crash, I just wanna crash like how Wall Street
Crash, I just wanna crash like two jet skis
Crash, I just wanna crash like a PC
Crash, I just wanna crash like I'm Don Cheadle

Crash, crash, crash, crash
Crash, crash, crash, crash
You should crash
