

## Dog Hoes

EST Gee

If you from my city then you know what it's like when you get out of Cole's on saturday  
Check yo' phone see what bitch you gon' pull up on

It's a Saturday in the city, I just got outta Cole's  
Check my phone to see if I can slide one of my hoes  
White girl, she eighteen and love to play with her nose  
I don't fuck her, I just pull up and go right at her throat  
I record it 'case her boyfriend get to callin' my phone  
Get exposed, if you a player then you know how it goes  
She from out of town and never seen this side of the globe  
I bagged that bitch on Instagram, she said my pictures was cold  
I pulled up at McDonald's and told her get what she want  
She was gleeshin', let me beat her while she toppin' my bro  
Drop her off just like a boss and keep it movin', I'm gone  
I'm a dog, don't get involved unless you tryn' let me bone

You know I dog hoes, not just one but all hoes  
It's a dog code, I hit once, don't call hoes  
We like all hoes, short, tall, thick, and small hoes  
You a Volvo, we Lambos and 'Maros  
You a weirdo, simp ass nigga, you scare hoes  
Let's be clear though, you don't get no points for them weird hoes  
It's a shame, I'm tryna give niggas the game  
'Cause I'll be damned if my lil' brother look up to a lame

You wan' fuck, I can see it in your eyes lil' mama  
Goosebumps keep poppin' up on yo' thighs lil' mama  
Bust it open for a player, don't be shy lil' mama  
If it's wet as you say it is, I'ma dive lil' mama  
I know your heard I'm a gangsta, they ain't lyin' lil' mama  
Last nigga played with me, heard he died lil' mama  
You a thick, pretty bitch, perfect size lil' mama  
It's chemistry in the air, you can't deny lil' mama  
Keep it real, I been baggin' hoes since like five lil' mama  
Lean my seat back, suck it while I drive or some'
