

DROP TOP

EST Gee

I'm pretty sure if you could you would
But you can't so you ain't
Yeah yeah yeah
Yeah yeah yeah

Drop top on the Lambo took my shirt off it was hot
Took thrillers on a yacht and told them pick whatever thot
Why don't you spend that money you be stunting with it's a prop
Make sure you on permission when it's time for us to pop out
It's some events that they won't be attending if I pop out
It's 50 shit in my pocket all blue fences when I pop out
Asylum water monster see it's fair when I pop out
Heard I'm him through word of mouth see for yourself

I had action in the drought
When I lost I came back found
Niggas mommas know they cap
We done seen enough to vouch
Ain't no sleep, FedEx in route
I got eyes on every house
Know who coming in and out
As soon as they drop it off let's bounce
Took the prices all the way down
Who wanna get some money right now
Murder to the streets and pray up
Every year that time come 'round
Make us all renew our vows
Regardless how this shit go down
Dive in head first swim or drown
Try to trap me to my house and got his car nailed to the ground
Hit the gas I'm only gone growl
Exhaust loud for our shoot out
You had your time mines now
Niggas barely get on with an ounce
It was fun and games 'til jump out game was crouched behind your couch
Shells burning hurting like ouch

Drop top on the Lambo took my shirt off it was hot
Took thrillers on a yacht and told them pick whatever thot
Why don't you spend that money you be stunting with it's a prop
Make sure you on permission when it's time for us to pop out

It's 50 shit in my pocket all blue fences when I pop out
Asylum water monster see it's fair when I pop out

Yeah yeah yeah
She must thought I was faking
When I pulled up she had waiting
Ion chase hoes you mistaken
I'm a young shiner not a chaser
So shiesty slimey shady
Artist transitioned from a gangster
Specific street situations
If I picked different would it change me
Ain't like you knew the details you a justify my crazy
Nobody from my city did it how I did it I'm the Jay-Z

Don't be out here just hating get you something to sell daily
The street don't show no favors
And these switches give out spank me's
Get punked out here just dating
It's a gamble like Las Vegas
Obsessed enough to take it
Soon as I seen it wasn't no waiting
It was a long shot but I made it
And the odds wasn't in my favor
And my rolls look like a spaceship
Bae keep staring at it in amazement

Drop top on the Lambo took my shirt off it was hot
Took thrillers on a yacht and told them pick whatever thot
Why don't you spend that money you be stunting with it's a prop
Make sure you on permission when it's time for us to pop out
