This shit ain't no tit for tat  
Let's make this thang a blow out  
Retaliation to empty threats  
Make niggas not wan' go out (FOREVEROLLIN)  
Found out that big gang had fucked yo main  
And you was tore out  
I don't speak opinions  
Only facts come outta my mouth  
Hustling in my veins  
Shit I was made inside a crackhouse  
Niggas talk that money shit  
Can't even pull a stack out  
Blackout  
All he heard when I heard he was hatin' on me  
Nervous niggas workin'  
Pray that they don't write no statement on me  
Tryna keep this street shit far behind me  
But it's gainin' on me  
You and me are not the same  
I came for everything I wanted  
Cashed out for my 41 on the spot  
Wasn't no payments on it  
Everybody gettin' off, we see a opp  
Ain't no waitin' on it  
If he ain't try to hit something when I got shot  
Ain't no way we homies  
My name got that ranking on it  
Life too real I can't be folded

When Quanny died divided all us up  
I brought it back now  
Big Basey say he can not close the trap  
Until Lil Shaq out  
Dy got this shit hot  
The opps keep callin' tryna cop out  
30 Poppa wet up niggas blocks  
He keep his mop out  
Capo in the gambling house  
Still tryna send his shot down  
Donnie somewhere dishin out that dawg  
He got a whole pound  
It's easy money exactly what it is  
Exactly how it sound  
Him and Freaky sneaky for a reason  
It's a lotta pounds  
Quiet gotta keep it down  
Reese moving discreetly now

All of us get off  
And got it on us when you see us out  
You ain't help yo people out  
Put food in yo people's mouth  
Haters hate, the real can vouch  
I'm everything I'm rappin' bout
