

ONE CALL

EST Gee

Yeah, yeah
One call switch blade
Two, three zips gave
Four, five splits waived
Few flips, six days
Seven the remix way
Making sure we all ate
Nine out the hard way
Dime get his dog smacked

One call switch blade
Two, three zips gave
Four, five splits waived
Few flips, six days
Seven the remix way
Making sure we all ate

See me now, swam with your ocean boy just put it down
Outta town, knowing I like to get low
She wanna be seen around
Out the shower, knowing she like my style
She ate it through the towel
Young and wild
Care 'bout what you had, nigga what you got right now?
Ice and pounds
Guess it ain't much changed, [?] you talking 'bout
Check his chest, he talking loud
You know the switch gon' take you down
Fake it how?
I came with it quick, ain't what she thinkin' 'bout
I'm diggin' her out, dirty number
One on one, my dawgs out

One call switch blade
Two, three zips gave
Four, five splits waived
Few flips, six days
Seven the remix way
Making sure we all ate
Nine out the hard way
Dime get his dog smacked

Hunnit cash the Cayenne
Five hunnit the car came
Hit curbs, scrape the car paint
Run it up the long way
From dimes in the hallway
Chain hit like [?]

But you know what they call me
Lamborghini Geeski
Aventador George
First young nigga ever in his hood with the foreigners
A mix of Bron and Jordan
I can dish it, I can score it
The ignition get it going
When it scorch, you get [?]
