PERSONAL

EST Gee

Flexin' on that bitch, hol' up

I get to takin' shit too far soon as I feel played
Submitting the easiest way to avoid it now a deal's made
Loyal until yo' graves, money spent and pills paid
Before I made a platinum song, I had to meal save
I got it all but lost my dawg, so I don't feel great
But I don't show it anyway, it might not still change
Hop out, RR stands for Rolls-Royce, not for no lil' Range
I watched 'em throw dirt on my boy, it made me feel strange
Prob'y why I'm tryna kill 'em off, ain't 'bout no steel cage
Ain't fuckin' with us, want they slingo dance and everything
Big boss slipped away
Think I'll let her keep the change
I don't love, but we can trade
This shit's a revenge thing

If not me, then who?
Ain't trippin' bout no room
No, "He say, she say" shit
Just better not be true
'Cause I'ma take it personal
I'ma take it personal

If not me, then who?
Ain't trippin' bout no room
No, "He say, she say" shit
Just better not be true
'Cause I'ma take it personal
I'ma take it personal

I guarantee that you don't want me on that with you
No funny shit, no cutting loose, just fucking every blue moon
He just died, if you coo? Don't know if it's too soon
Bills ain't gon' knock big dude, just let me know, you need me to come through
And I got you
This ain't no image, this how I'm living, so fuck how I'm viewed
Just asked my city, I'm real-real living, so I shoot his moms, too
And I run it and pick it, anywhere he get it, shoot-outs and drive-throughs
I'ma slide, breakin' loose
Switches, switches, Drac's too
He must've been garage plannin'
Must've thought he could dodge it
He gettin' it, lost his noggin
A killer without a conscience
I promise, the numbest
Red Zone's finest
Miss me with that nonsense

If not me, then who?
Ain't trippin' bout no room
No, "He say, she say" shit
Just better not be true
'Cause I'ma take it personal
I'ma take it personal

If not me, then who?
Ain't trippin' bout no room
No, "He say, she say" shit
Just better not be true
'Cause I'ma take it personal
I'ma take it personal

If not me, then who?
Ain't trippin' bout no room
No, "He say, she say" shit
