EST Gee

Yeah, yeah, yeah (FOREVEROLLING)
Yeah, yeah, yeah, yeah, yeah, yeah

Yeah, I can vouch for these amphetamines
Waterboys pull up with more ice than niggas ever seen, yeah
Look at all these diamonds that that pressure bring
Rap niggas think they trap niggas 'cause they selling weed, yeah
You was laid up, tryna catch some Z's
I was catching P's, country town, OT, tryna catch a fiend

Niggas better watch their top, come down top, late night cruising
Fuck I'm talkin' 'bout? Daytime, niggas get hit in their noodle
They gon' pull your body off the ground, your face laid next to it
All that tough shit you was talkin', nigga, we gon' make you prove it
I'm the youngest, richest nigga out my city, call my bluff
I got college hoes out here on an island, they tryna fuck
Y'all know who hittin' y'all up, I bet shhh can't feel nothin'
I bet shhh can't feel nothin', I bet shhh miss his brother
From the whole things to the onions, niggas know that we get money
In the country with the junkies where the prices of it double
They done let me run my money so much, the opps in trouble
I went found my plug on my own, I ain't get him from my uncle

Yeah, I can vouch for these amphetamines
Waterboys pull up with more ice than niggas ever seen, yeah
Look at all these diamonds that that pressure bring
Rap niggas think they trap niggas 'cause they selling weed, yeah
You was laid up, tryna catch some Z's
I was catching P's, country town, OT, tryna catch a fiend
You was laid up, tryna catch some Z's
I was catching P's, country town, OT, tryna catch a fiend

Yeah, we two different breeds, I got hittin' clean, tell me what you
need
Baby hit this weed, then she hit her knees
I think she my speed, she know when to leave, I don't sip no green
I only smoke OG, ridin' through the square, it's just me and Lee
I was like nineteen, but I was a plug then
I can get you plugged in, June got them drugs in
All I got is plug friends, if you want that smoke, make sure you lung
s big
And your guns big as my funds is
You look in my eyes and seen I never knew what love is
I look at your ride and see you don't know how a dub feel
Dry snitching, tipping, tryna send me where the fuzz is
Niggas in their feelings, know they wishing that my run ends

Yeah, I can vouch for these amphetamines
Waterboys pull up with more ice than niggas ever seen, yeah
Look at all these diamonds that that pressure bring
Rap niggas think they trap niggas 'cause they selling weed, yeah
