

Country town, I heard zips of Vezzo went for four-fifty
Brodie say when I heal up, then I could hit the road with' him
Even when I got shot, doctors couldn't find no ho in me
It's powerful when a rat turn to a killer, you niggas Rotimi

I know that your plug can get it to you, but do he grow any?
I was asking Lee if he could help me serve the whole city
My lil' college ho with' me, she majoring in chokin'
She like bright skinned niggas, so I fucked her in my Rollie
I ain't fighting ten niggas, if I'm outside then it's on me
You be walkin', niggas askin' "where your bike is, Jodi?"
Niggas light and I'm a heavy load
I was out in Ashland on my last, I started stealin' bowls
In the attic, I would stash em' at my granny's like my winter clothes
Percocet's taste nasty, I gotta have em' if we finna bone
She can call me plaster, when I smash her, I be fillin' holes
Niggas like 'em classy, but some reason, I be feelin' ho's
We gave niggas guardian angels so they don't feel alone
Soon as I got shot I feel like all my opps went made a song
Bitch ass

Country town, I heard zips of Vezzo went for four-fifty

Pop a perky, ridin' in that Wraith-y, it's a Glock in it
Bust that choppa, open up the closet, got big mop in it
Whole brick-y, open up the wrapper, got the house stinkin'
Ran it up and walked right out the FED's and got a drop Bentley
I'm like "who is dog with all that jewelry?" I'm tryna see somethin'
Hit a nigga block, I came with nothin' but I'ma leave somethin'
Pint of Tek-y, I just sold a seal for about three somethin'
Before I had a deal, me and my plug we had the streets buzzin'
Fuck the opps, I be on the block, they makin' rap music
I'll take a pussy nigga watch and sell it back to em'
I hit the Ville' with' that good ice and got the trap boomin'
That same song you niggas dissin' on, he gon' get wacked to it

Standin' in the kitchen and the heat get hot, it burn niggas
Couple close ones crossed me and I still ain't came to terms with' it
If you get a book and you can cook, then you can learn quicker
I still got that mouthpiece when I speak from when I served niggas
Forgiato's eight hundred a lip, so you can't swerve in it
Jigga had a Z01 on gold one's and he served in it
I was tryna straighten out the chunks, I put the perm in it
It's a ice cream truck, but ain't no candy, I big worm in it
I'ma seal it twice, suck all the air out, ain't a germ in it
Say she like it better from the side, if it got a curve in it
Constant with that pressure in her stomach, got a firm feelin'
I told em' I'm that nigga, and they hatin' if they heard different
