

Shoot Sumn

EST Gee

Let me shoot somethin'
A lot of niggas talk, but never do nothin'

They was hatin' on me bad before they gave me a chance
Hard to notice while I'm trackin' packages till they land
I was twenty-two in Texas, made my first forty grand
You need it shipped and moved fast, then you know I'm your man

How they hatin' when I gave 'em everything that I had?
And tried my best to feel good about it, it was hurtin' me bad
It be different when you dipped in your emergency stash
And spent your last hopin', you can finally run up a bag

Only nigga in my life, I ran from had a badge
I was callin' back to back, just tryna see where we stand
I can't listen to no rumors 'cause they fuck with my head
My momma told me she been havin' nightmares of me dead

My big brother want me punctured 'cause what he think that I did
And ain't no point pleadin' my case, sometimes, it is what it is
Lot of love can get lost when the hate creep in
A lotta guns gon' get bought, so, everybody prepared
I can't swim, so, if I ever burn a bridge, then, it's serious
I been nervous on this journey, but I never been scared

Let me shoot somethin', let me shoot somethin'
A lot niggas talk, but never do nothin'
I got away with it, and they can't prove nothin'
My MoneyGram receipts, they show the proof of it

Let me shoot somethin', let me shoot somethin'
A lot niggas talk, but never do nothin'
I got away with it, and they can't prove nothin'
My MoneyGram receipts, they show the proof of it

Serve so much last season, I took the summer off
This shit ignorant, but if you put somethin' with it, your trap gon' somersault
What you know 'bout stayin' down in the bad instead of runnin' off?
Over-focused, lettin' the peasants talk, the help gon' always run they mouth

I got this shit figured out, how much can my fingers count?
Niggas couldn't have thought it out, is it worth dissin' me for clout?
When a couple thou, I had your favorite cousin sittin' out front your house

I retired in the drought, a selfish move
Addicted to puttin' these pills inside my mouth
Opioids help my mood, sold it all, from X to food
I ain't got nothin' else to prove
Any nigga at me, and hit enter, I plan they exit soon
Fuck some blues, my lil' goons are puttin' 'em on the news just for the YouTube views

Let me shoot somethin', let me shoot somethin'
A lot niggas talk, but never do nothin'
I got away with it, and they can't prove nothin'
My MoneyGram receipts, they show the proof of it

Let me shoot somethin', let me shoot somethin'
A lot niggas talk, but never do nothin'
I got away with it, and they can't prove nothin'
My MoneyGram receipts, they show the proof of it

Nigga, shoot somethin', let me shoot somethin'
A lot niggas talk, but never do nothin'
I got away with it, and they can't prove nothin'
My MoneyGram receipts, they show the proof of it
